

# „SAVE THE DATE“ IN JUNE

## INVITATION TO OUR OPEN HOUSE 2023

Dear customers, partners and colleagues,

we would like to invite you to our annual Open House. This year, from June 20 - 22, we open our gates for you from 10 a.m. to 6 p.m.

Enjoy an exciting event with all series of the current machine generation with numerous live applications. This time, once again, framed by a diversified program, with interesting discussion partners and Bavarian culinary delights.

For your visit, please arrange an appointment with your individual sales manager.

Any questions? We are always at your disposal.

We look forward to seeing you!  
Your entire team from Haitian International Germany

### Technology to the Point

Our 2023 live program with numerous applications: Look forward to efficient industry solutions, some with automation made by Haitian Smart Solutions, reflecting our large machine portfolio and the exceptional broad machine range of Haitian and Zhafir.

SMART

FLEXIBLE

SOLUTIONS

### Premiere: Haitian Machinery

We are proud to present for the first time products from other divisions of Haitian. In the future, Haitian Machinery will offer a comprehensive portfolio from a single source – from Injection molding machines, Automation and CNC machine tools to Die Casting machines and Drive Systems.

### Versatile supporting program

Our 2023 supporting program offers a selection of activities ranging from technical information to relaxation, culinary delights and entertainment. With factory tours, keynote speeches and innovative partner companies presenting themselves and their solutions on site.

Look forward to seeing familiar faces and good conversations. **We look forward to seeing you!**
